SEPTEMBER 29, 2022

Announcing the Winners of the 2022 Best Electronics Systems Technologies Awards

The winners of the annual CE Pro BEST Awards have been announced during CEDIA 2022. See this year's list of top AV products.

CE Pro is pleased to announce the winners of the 2022 BEST (Best Electronics Systems Technologies) Awards at CEDIA Expo.

The CE Pro BEST (Best Electronic Systems Technologies) Awards "offer an incredible glimpse into the future for the entire residential integration industry," says Jason Knott, editor-in-chief of CE Pro.

"Some of the products and technologies that integrators now consider mainstays to their businesses made their first appearance in the market via the BEST Awards.

All entries were judged on innovation, functionality, competitive advantages and benefits to the installer by industry leaders, along with the editors of CE Pro.

Here are this year's CE Pro BEST Award winners:
