

SWIDGET®

POWER TO LIVE SMART

Smart Home Renovation Guide

Your guide to renovating your space with future-proof technology.

Introducing Swidget

The smart technology that brings your home to life.

Are you ready to **transform your house into a smart home** that understands and adapts to your unique needs and lifestyle?

Swidget offers a wide variety of smart solutions including:

- Ventilation solutions that keep your home healthy
- Energy management solutions to reduce your utility bills
- Safety solutions to protect your home
- Security solutions to protect the ones you love

And so much more!

Whether you're moving into a new home or renovating your current space, Swidget's got you covered.

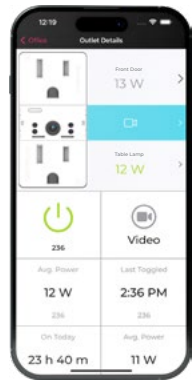

HOW IT WORKS

Swidget's smart solutions can be explained in 3 easy steps:

1. Choose your wiring device.
2. Choose your smart Insert.
3. Pair and program your products.

BENEFITS OF SWIDGET

- **Variety** of smart sensors and convenience Inserts.
- **Flexibility** to swap the Inserts out as your needs change or as technology evolves.
- **Wireless** smart sensors that provide real-time data and reduce clutter.
- **Battery-less** Inserts that draw power from your Swidget Outlets and Switches.
- **Simple installation** so your products work right, right away.
- **Customizable** triggers, alerts, and automations, so your products can adapt to your life.
- **Privacy** policies and practices that keep you in control over your data.

Use this renovation guide as inspiration to create your own customized smart home experience, with solutions that blend seamlessly throughout your home and effortlessly into your life.

CONTROL HIGHLIGHTS

- Wi-Fi or Z-Wave Options
- Smart Dimmers & Lighting
- Controllable Outlets
- Lamp Control
- Energy Monitoring/Savings
- Schedules and Automations
- Works with Alexa & Google Assistant
- Safety & Security
- Asset Protection
- Health & Wellness
- Timer

Look for these icons throughout this guide to understand the control benefits each solution provides. Follow the QR Code for a full list of Control Highlights applicable to each Insert.

SWIDGET INTEGRATIONS

Swidget recognizes the importance of offering flexible connectivity options with your existing smart devices. Create a seamless smart home experience by enabling voice control of your Swidget devices with your Google Home or Amazon Alexa smart speakers.

Entrances/Exits

Switch x2
HD Camera x1
Motion Sensor x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy, sunrise/sunset schedules, or custom schedules.
- **Wireless, battery-less security camera** with 108° field of vision and a microphone to keep an eye (and an ear) on your home while you're away.
- **Power monitoring** and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Bedroom

Dimmer x1
15A Outlet x3
Motion Sensor x1
Air Quality Sensor x1
USB-C Charger x2

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** with low-light settings for night time.
- **Controllable 15A outlets** that offer real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Air quality monitoring** and in-app reporting that detects poor air quality caused by VOCs and other pollutants. Use these metrics to automate and optimize your ventilation systems with connected Swidget switches.
- **Convenient USB-C chargers** for phones and other electronics at night stand locations.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Nursery

Dimmer x1
15A Outlet x1
HD Camera x1
Guide Light x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy, sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** with low-light settings to help put your little one to sleep.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Wireless, battery-less HD baby monitor** with night vision and one-way audio to help keep an eye on your baby when you're not next to them.
- **Nightlight with automatic operation** based on ambient lighting so you can easily navigate the nursery at night without turning on the lights.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Toddler's Room

Dimmer x1
15A Outlet x1
Air Quality Sensor x1
Guide Light x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **App-controlled lighting,** with the ability to create automations based on occupancy, vacancy, sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** with low-light settings for night time.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Air quality monitoring** and in-app reporting that detects and mitigates poor air quality caused by VOCs and other pollutants, and ensures your child's room is always at the perfect temperature.
- **Nightlight with automatic operation** based on ambient lighting so your child is never left in the dark.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Teen's Room

Dimmer x1
15A Outlet x1
Air Quality Sensor x1
USB-C Charger x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **App-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** with low-light settings for night time.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Air quality monitoring** and in-app reporting that detects and mitigates poor air quality caused by VOCs and other pollutants, and ensures your child's room is always at the perfect temperature.
- **Convenient USB-C charger** for phones and other electronics at night stand location.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Powder Room

Switch x1

Motion Sensor x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Power monitoring** and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Bathroom

20/40/60 Timer Switch x1

Dimmer x1

15A Outlet x1

Temp/Humi/Motion Sensor x1

Guide Light x1

USB-C Charger x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** with low-light settings for night time.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- Built-in **automatic 20/40/60-minute shut-off timer** for bathroom fans so they only run for as long as you need them to.
- **Guide light** with automatic operation based on ambient lighting for easy and comfortable navigation during late-night bathroom visits.
- **Automated bathroom ventilation** based on changes in relative humidity, so you never have to remember to turn on the fan before taking a shower again!
- **Convenient USB charger** for electric toothbrushes, shavers, and other electronics.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Living Room

15A Outlet x2
Dimmer x1
HD Camera x1
Air Quality Sensor x1
USB-C Charger x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** with low-light settings for night time.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Convenient USB charger** for phones and other electronics.
- **Wireless, battery-less HD pet camera** placed at outlet-level to help keep an eye on your beloved pets while you're out of the house.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Kitchen

20A Outlet x1
Switch x1
15A Outlet x1
Water Leak Sensor x1
Motion Sensor x1
Air Quality Sensor x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Controllable 20A outlet** for convenient usage of high amperage devices, real-time power monitoring, and accurate energy cost predictions.
- **Air quality monitoring** and in-app reporting that detects and mitigates poor air quality caused by VOCs created from cooking and cleaning chemicals, CO2, and other pollutants.
- **Battery-less leak sensor** with audible alarm and notification alerts upon detection of leaks from the dishwasher.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Dining Room

Dimmer x1
15A Outlet x1
Motion Sensor x1
Air Quality Sensor x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** that creates the perfect ambiance and promotes relaxation.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Air quality monitoring** and in-app reporting that detects and mitigates poor air quality caused by VOCs and other pollutants.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Family Room

- Dimmer x1
- 15A Outlet x2
- Particulate Matter Sensor x1
- Control Insert x1
- USB-C Charger x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Dimmable lighting** that creates the perfect ambiance and promotes relaxation.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Particulate matter sensor** to detect particulates in the air from fireplace smoke or other pollutants and automatically activate your ventilation system to bring fresh air into the home.
- **Convenient USB charger** for phones and other electronics.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Home Office

15A Outlet x2
Air Quality Sensor x1
USB-C Charger x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Air quality monitoring** and in-app reporting that detects and mitigates poor air quality caused by VOCs and other pollutants, to ensure you're breathing fresh air all day and to promote improved cognitive function.
- **Convenient USB charger** for phones and other electronics at your workstation.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Stairways/Hallways

15A Outlet x3
Guide Light x2
Power Out Light x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Wireless, battery-less emergency light** that will stay illuminated for up to 1 hour and can illuminate your path or act as a flashlight when power in the home is lost.
- **Guide light** with automatic operation based on ambient lighting for easy and comfortable navigation along stairs and hallways at night.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Laundry Room

15A Outlet x1

Switch x1

Water Leak Sensor x1

Motion Sensor x1

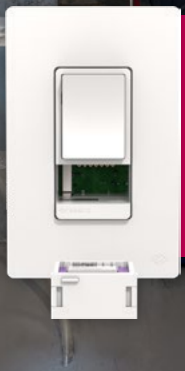

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Controllable 15A outlet** that offers real-time power monitoring and accurate energy cost predictions in-app to help monitor and reduce energy consumption, all while lowering your costs.
- **Battery-less leak sensor** with audible alarm and notification alerts upon detection of leaks from the washing machine.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Mechanical Room

Auxiliary Control Switch x1

Control Insert x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- Auxiliary switch that **learns its environment and automatically controls compatible ventilation** products to ensure excellent indoor air quality (Swidget app required).
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.

Garage

Switch x1
20A Outlet x1
Motion Sensor x1
Control Insert x1

CONTROL HIGHLIGHTS

FEATURES & SMART CAPABILITIES

- **Motion and app-controlled lighting,** with the ability to create automations based on occupancy, vacancy sunrise/sunset schedules, or custom schedules.
- **Motion-triggered alerts** for improved security and home monitoring.
- **Controllable 20A outlet** that sends real-time alerts in case your extra refrigerator or freezer loses power, provides power monitoring data and energy cost predictions, and allows convenient usage of high amperage power tools and appliances.
- **Voice control** of Swidget smart devices through Amazon Alexa and Google Home.
- Ability to **enable notifications, set schedules, and create powerful automations** through Swidget smartphone app or integrated home automation platforms.
